

**You are cordially invited
to the Moonlink[®] Simulation
presented by Lakeside Academy.**

Where: Lakeside Academy
123 School St.
Jefferson, Wis.

When: March 30, 2003
2:00-3:30 p.m.

Please join Mrs. Miller's fifth grade class as we participate in a simulation of NASA's Lunar Prospector mission developed by Space Explorers, Inc. In the Moonlink[®] simulation, students work together to launch their spacecraft to the Moon. Students perform tasks that mimic the actions of scientists and engineers in mission control to enhance their understanding of the Moon's history and geography.

The celebration will also include discussions about lunar exploration. Awards and certificates will be awarded at the end of the event.

R.S.V.P. to Mrs. Miller via e-mail at myemail@yahoo.com or by telephone at 920.339.4600 by February 15.
